Maybe even better than free.

There are no restrictions on the number of times a file can be downloaded. The cost of that data transfer is covered by your internet service or the data plan on your phone. You can upload any type of file (movies, music, documents, images, zip files and more). Keep your files private, or send your download links only to friends or family. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Unfortunately, we can't make that part free. File is free to use with no gotchas and no hidden fees. You can give this download link to your friends by mail or instant messenger. filehosting providesan easy possibility for you to send large files to your friends. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Our service is completely free for everyone. Files can be downloaded from any computer from our high speed servers. It is also allowed to link to the download page from websites and communities. If only we could, we surely would! On the other hand, using file can actually save you money. This is easy,fast and reliable filehosting! You don't need any kind of premium-accounts. Any file in any format can be uploaded and downloaded for free. Simply uploadyour file and share the link. So try our free and simple filehosting service now. Your wallet will be none-the-lighter! Just so we're all 100% clear here: Whenyou share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Just upload the file youwant to share with your friends and we send you a download link to your file. We have no file size limit. Using file, you can circumvent those limits withoutpaying to upgrade your team chat service. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in datastorage fees. You don't need any special software installed to be able to download your files. Why pay storage fees for a file that you just wanted to send to afriend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. You decide who you want to share yourfiles with. No account or credit card is required to get started.
