It is also allowed to link to the download page from websites and communities. Files can be downloaded from any computer from our high speed servers. You decide who you want to share your files with. Simply upload your file and share the link. We have no file size limit. Files transferred the old-fashioned waytend to pile up and be forgotten about, eventually costing you money in data storage fees. No account or credit card is required to get started. Alternatively youcan choose to share your download links on blogs, forums and social networking sites. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Our service is completely free for everyone. So try our free and simple filehosting service now. The cost of that data transfer is covered by your internet service or the data plan on your phone. Unfortunately, we can't make that part free. If only we could, we surely would! On the other hand, using file can actually save you money. File is free to use with no gotchas and no hidden fees. Keep your files private, or send your download links only to friends or family. Using file, you can circumvent those limits without paying to upgrade your team chat service. You can upload any type of file (movies, music, documents, images, zip files and more). Just upload the file you want to share with your friends and we send you a download link to your file. This is easy, fast and reliable filehosting! Youdon't need any kind of premium-accounts. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Any file in anyformat can be uploaded and downloaded for free. You don't need any special software installed to be able to download your files. You can give this downloadlink to your friends by mail or instant messenger. filehosting provides an easy possibility for you to send large files to your friends. Why pay storage fees
